4. Any Additional Comments or Questions:

---

---

**Conditions for tutoring:**

- ✓ The Amy Foundation's Tutoring Programme is a volunteering programme that people who wish to make a difference in their local communities can partake in to achieve better educational outcomes for learners in township schools
- ✓ At the Amy Foundation we wish to provide the best quality of tutoring for our learners as possible. In an effort to achieve this, we expect commitment from all our volunteers. Not only does this make administration of the organization simpler, it is also our experience that this leads to better relationships between our volunteers, learners and coordinators.

- ✓ We expect our tutors to be committed to the days/times they have indicated to volunteer and to ensure all educational outcomes for the learners are achieved
  
- ✓ If for any reason a tutor cannot attend a tutoring session he/she must make sure that they communicate with relevant people so they can be excused for that session.

If you agree with the terms and conditions of the Amy Foundation Tutoring Programme please sign:
